## Color Scheme

---

In Mermaid outdoor living design, this playful palette is meant to be mixed and blended. Find your mermaid inspiration in most of the reflective tile series from NPT.

Use your favorite color of choice for additional plant features, patio furniture, pool toys, kitchen area rugs, and more.

Aim for the Azure Blue to be the focus of your water color. The water color can deepen based on your lagoon look

## Pool Design

---

Combine mystical colors and reflective gems to help brighten your pool with magical wonder. A lagoon or free-form shaped pool will allow for more room for swim up bar edges or for rocky walls with luxurious waterfalls.

For this look, we recommend iridescent tiles such as NPT's Equinox Dark Blue or Lightwaves Aquamarine for that mermaid-like shine. This is also a great way to help define and brighten your raised spa!

At the bottom of the sea, you might find some magical things. Consider pool finishes with pebbles such as NPT's StoneScapes Aqua Blue or reflecting shimmers such as QuartzScapes French Gray for a sweet water surprise!
