Color Scheme

Pick a color or choose all five, Sand Castle design is made for bright and colorful fun! For this specific style, color can be used intermittently around your outdoor living space.

Lilac Purple, Olympic Blue, and Aqua Green are fantastic options for glass tiles that remain vibrant all day long.

Golden Yellow and Bubblegum Pink is great for surrounding features such as slide color, stool seats, patio furniture, pool toys or pool noodles, and patio umbrellas.

Pool Design

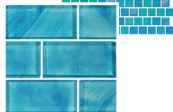

For a little shimmering fun, use glass tiles that reflect the sun for a brighter shine around the pool. We recommend tiles such as NPT's Jules Aqua Blend and Artistry in Mosaics Subway Stratus Aqua. You may use these as a waterline tile or for an exciting touch, consider lining a slide or even a stairway path in these playful colors.

Aim for bright blue waters like the color of Olympic Blue. This look can be achieved with NPT's StoneScapes Tahoe Blue with mini pebbles for texture or Tropics Blue with a touch of glass for extra shine.
